

TESSERENT STRENGTHENS CANBERRA BUSINESS

Tesserent Limited (ASX:TNT, Tesserent or the Company) has significantly strengthened its Canberra business in recent days through north security | digital's appointment to the Defence Industry Security Program (DISP) together with a strong teaming agreement signed between Tesserent and McArthur-Associates Pty. Ltd. (MCA).

The Department of Defence's DISP Program is a mandatory accreditation required by firms wishing to gain access to Defence security services. north's appointment to DISP has significantly increased TNT's opportunities and access to work within the Australian Defence industry.

George Katavic, north's Managing Director said "The DISP program provides Tesserent through north, with increased opportunities to work with Defence and easier access to Defence security services. DISP membership is key to north's ability to supply security cleared staff to Defence and other Federal Departments".

This, together with the MCA partnership, significantly strengthens TNT's Canberra capabilities.

MCA is a consulting firm with deep Oracle and security architecture expertise within the State and Federal Government sectors. The company has a strong pedigree in Oracle products, software and applications, providing Project, Change and Service Management to Australian Federal and State Government clients.

TNT Co-CEO, Kurt Hansen said "partnering with MCA enables us to jointly draw on resources to provide more compelling high-level business cases for our federal government clients. This is particularly relevant in terms of Oracle based cloud readiness and migration services, where MCA has a strong focus".
